Caludon Castle Business & Enterprise School

SEND & Inclusion Policy

2016 – 2017
Special Education Needs and Disabilities Policy Statement

Background Information

We are a school of over 1500 students situated on the north-east of the city. Our intake reflects a range of SEND and some with statements of educational needs. We have students with difficulties in the area of social and communication, social, emotional and mental health, sensory and/or physical difficulties and cognition and learning.

Our Learning and Inclusion Centre is led by an Assistant Headteacher/SENCO and an Assistant Leader of Inclusion. This is line managed by an Acting Deputy Headteacher. Furthermore there is a non-teaching Inclusion Pastoral Leader and Senior Clerical Officer for Inclusion and Literacy. There are also a number of Student Support Mentors and Learning Supervisors employed by the school to work with students with SEND. The faculty works as a team and establishes close working relationships between students, staff, parents, governors and outside agencies so that all of our students are supported in a fully inclusive environment.

Aims

The objectives of our policy are to:

- Organise our activities to ensure that all students are included in the life of the school
- Work with parents sharing information on students’ progress, outcomes and their individual needs
- Continuously develop our ways of working to provide the highest quality of provision for all students within the resources available
- Meet the requirements of the Education Act (1996), the Special Education Needs (SEN) Code of Practice (2014), and the Special Educational Needs and Disability Act (2001)
- Encompass the LA Statement of Policy for students with SEND
- Facilitate a student’s learning by identifying his/her needs and ensuring provision is matched to support each individual’s attainment and well being
- Respond to students flexibly according to the nature of their difficulties and personalise their learning so that they can learn in a way that best suits their needs
- Support student’s learning without making them feel inferior to their peers

This policy outlines the strategies and approaches that the school will take in order to meet these objectives. The procedures set out will be monitored and reviewed each year in order to build on best practice at Caludon Castle.

We are a pro-active school and believe in the importance of rigorous scrutiny followed by immediate intervention.

Statement of Educational Needs
Statement

The provision set out in a student’s statement will be closely monitored by the Faculty and reviewed annually. Parents/carers will be invited to contribute to the review and attend the review meeting.

Education, Health and Care Plans are replacing education Statements over the next 3 years. New requests to the local authority will be under the new system as set out in the 2014 Code of Practice. This will be closely monitored, tailoring provision to the students individual needs. School will work in partnership with parents/carers and the young person in order to provide the best educational experiences, rapid progress in learning and high aspirations.

Building Adaptations and Special Facilities

We have the following adaptations and special facilities:

- Wheelchair access to all teaching areas and blocks to ground floor classrooms.
- Toilets for students with disabilities including wheelchair access.
- A Learning Support Centre Phoenix Suite, equipped with ICT, which offers pre and after school provision and a range of resources for students.

We are continuously extending these facilities as resources become available, in line with the requirement to make reasonable adaptations to meet the needs of students with disabilities, and facilitate access for adults with disabilities.

Arrangements for Providing Access to the Curriculum for Students with SEND

We support access through differentiation using the WAVE approach, profiling students on the SEND register, allocating extra support to an individual or group according to set criteria and availability of resources. We develop self-esteem through positive reinforcement, using assessment processes to identify any learning difficulties. We ensure ongoing observation and assessment and provide regular feedback about the child’s achievements and experiences to form the basis for planning the next steps of the child’s learning.

How students with SEND are integrated into the school as a whole

We seek to be an inclusive school by:

- Using the SEND review procedures to identify any barriers in the way of the student and plan appropriate and reasonable action.
- Ensuring that all students have appropriate learning targets which are challenging.
- Valuing the diversity of our students of which SEND are a natural part.
- Looking for opportunities within the curriculum to raise SEND issues.
- Seeking to make provision for SEND within routine class arrangements wherever possible.
- Seeking opportunities for students with SEND to work with other students.
Developing links with special schools to extend students’ experience of diversity.

Criteria for Evaluating the Success of the SEND Policy

The following criteria will be used:

- The amount of identified teaching time available to support SEND students.
- The number of students with special educational needs attaining specified levels in National Curriculum assessments.
- Average reading improvement of students receiving support with teaching.
- The number of planned programmes of intervention and support.
- The budget allocated to SEND by governors.
- The proportion of teachers' records which include information on the special educational needs of students in their classes.
- The proportion of schemes for learning which show planning for differentiation for students with SEND.
- INSET time allocated to staff development with reference to special educational needs and disabilities.
- The proportion of parents attending or contributing to reviews and consultations.
- Staff fulfil the expectation of the school in carrying out procedures for special needs and contribute to documentation for profiling, Reviews, Reports and evaluations.
- Recommendations by external agencies are acted upon and incorporated into the curriculum.
- Students are confident and well motivated and are making measurable progress.
- Movement between stages and the number of students on the register.

Arrangements for Considering Complaints about the SEND Provision within the School

In the first instance, complaints should be taken up with school staff directly concerned, the Subject Teacher, Head of Department and then the Faculty. If the complaint is not resolved then the matter should be raised with the Headteacher, who may:

- Arrange a joint meeting with complainant.
- Undertake further investigations.
- Seek the involvement of external agencies, such as the Parent Partnership Service or the Midlands Mediation Service.
- Take action to address the complaint.
- Decide that the complaint does not warrant any action, and advise complainants of further action they can take.

- All staff receive In-Service training or information about the SEN Code of Practice (2014), and issues relating to Disability.
- All staff have the opportunity to receive In-Service training on SEND Procedures in school.
- All staff have the opportunity to receive In-Service training on specific disorders and/or disability of students within their care.
- All staff have the opportunity to receive training in specific techniques related to differentiation, class management and specific disorders e.g. Dyslexia, Autism etc.

- Extremism and Radicalisation

Caludon Castle School has a statutory duty under the Counter-Terrorism and Security Act 2015 and the statutory Prevent Guidance 2015 to have due regard to the need to prevent people from being drawn into terrorism.

Extremism is defined as vocal or active opposition to fundamental values of our society, including democracy, the rule of law, individual liberty and mutual respect and tolerance of different faiths and beliefs. Radicalisation is defined as the act or process of encouraging extremist views or actions in others, including forms of extremism leading to terrorism.

There are a number of behaviours which may indicate a child is at risk of being radicalised or exposed to extremist views which could include becoming distant or showing loss of interest in friends and activities or possession of materials or symbols associated with an extremist cause.

Staff are expected to be vigilant in protecting all students from the threat of radicalisation and refer any concerns to the designated safeguarding lead. Staff will be particularly careful, given the vulnerability of the school’s SEND students, to be alert to both the signs of vulnerability that are outlined in the Trust’s Preventing Radicalisation Policy and those that SEND students may have a tendency to display, seeking advice and referring concerns as appropriate. Staff will receive appropriate training to ensure they have the knowledge and confidence to identify students at risk, challenge extremist ideas and know where and how to refer concerns.

Arrangements for Partnership with Parents

The concept of parents as partners is central to the SEN Code of Practice (2014). Parents/carers should always be kept informed about their child’s progress at school and any difficulties should be made known to parents at the earliest stage.
Parents/carers will be encouraged to attend review meetings/consultation evenings where they will have the opportunity to express their feelings about their child’s progress. They will have the opportunity to discuss how they will support the IEP targets at home.

We recognise the value of parents/carers knowledge of their children and will seek to use that information in planning support for students.

We seek to work in partnership through:

- Regular consultation and review procedure for the sharing of information
- Sharing of assessment and planning information through using the profiles as a tool to aid discussion and liaison.
- Discussing with parents/carers options when students leave schools
- Meeting the parents/carers of prospective new students to the schools to discuss SEND support

Inclusion – A Policy Statement

Aims:

- At Caludon Castle we are committed to working towards the standards as defined by Coventry City Council in “Coventry Inclusion Standards”.
- We aim to promote ‘presence’, ‘participation’, and achievement for all our students (AFA).
- We aim to be classified as “leading edge” with regard to our work and practice for inclusivity.

Objectives:

I. To ensure that all students who belong to any of the key groups have been identified.

II. To share such information from (I) with all staff so that needs can be fully assessed and met.

III. To fully develop the work and practices which fall into the eight areas for INCLUSION. These areas being: Leadership, Management/Organisation, Ethos and Environment, Teaching and Learning, Pupil Progress and Development, Staff Development, Collective Review and Parental/Community Involvement.

IV. To identify a member of staff to ‘lead’ on each of the 28 standards and to be responsible for further developments in the provision and practice for inclusivity.

V. To place INCLUSION firmly at the centre of the school’s plans for development by making it a focus for School, Faculty and Pastoral Short and Long term Improvement Plans.

Methodology:

- A member of the Leadership Team assumes overall responsibility for INCLUSION (Mrs Gallagher).
- All staff and Governors are made familiar with the Standards for Inclusion which are used to measure and achieve inclusive educational practices through Teacher Training Days, Leadership Team Meetings, Governors INSET and Subject/Pastoral meetings.
- The students who belong to the various vulnerable groups are identified using information from Primary Schools, parents, SENCO staff, Social Services, Connexions, the EWO, performance DATA, the Local Education Authority, EOTAS, LAC, SIMS records MGSS and the Young Offenders Team.
- Preferred learning styles are identified and recorded along with INCLUSION codes for all students, which are available on SIMS or hard copies in the tutor groups or subject lists.
- Information about students is shared appropriately and sensitively so that there is no infringement of the rights of the individual.
Monitoring and Evaluation

- Information is updated regularly throughout the year and verified by the key staff responsible on a termly basis.
- Information is shared with all staff and the Subject and Pastoral Improvement Plans are reviewed throughout the academic year to ensure targets are being met.
- Performance Indicators are used to assess ‘presence’, ‘participation’ and ‘achievement’ of the identified groups of students.
- Members of the Leadership Team work with Subject and Pastoral to ensure that standards are being met.
- Existing inter-agency working principles are used to monitor and support vulnerable groups and individuals.

Being a Dyslexic Friendly School

What is Dyslexia?

The British Dyslexia Association's (BDA) working definition of dyslexia refers to "difficulties that affect the learning process in one or more of reading, spelling and writing". The definition goes on to give "accompanying weaknesses", including short-term memory, spoken language and motor skills.

The BDA states that dyslexia is independent of social or economic factors or intelligence.

A Dyslexic Friendly School is one which:

- Understands Dyslexic difficulties
- Understands Dyslexic strengths
- Has access to specialist expertise – in house and externally
- Has a whole school, cross curricular approach
- Is outstanding in its inclusive practice
- All students with difficulties are supported
- Students feel less frustrated with any difficulties they have and better self esteem
- Confident stakeholders

Strategies for Dyslexia in the Classroom

◊ Do not pace backwards and forwards.

◊ Provide reading lists in advance.

◊ Place key points/phrases on OHP or white board / blackboard.

◊ Give both oral and written instructions.

◊ Provide new technical terms in advance.

◊ Lip reading and signing is tiring - consider frequent rest breaks.

◊ Use of white space - avoid continuous text.

◊ Prepare course materials early - to allow alternative formats to be produced in time.

◊ Repeat discussion questions while facing the class.

◊ Videos - provide a written summary of what the video shows in advance or transcript or have it sub-titled.
Behaviour for Success and Supporting the SEND Student

“Behaviour in classrooms and whole school settings does not occur in isolation. It is the product of a variety of influences and not simply the product of a student’s unwillingness to behave or learn.”¹

The concept of behaviour for learning is taken from Bronfenbrenner’s work on Ecological Systems. He proposed that there are four states that influence a human’s behaviour. These are:

- Micro system – family/classrooms
- Mesosystem – 2 microsystems in interaction
- Exosystem – external environments that influence development
- Macrosystem – socio cultural context.

What does this look like at Caludon?

Students who have BES difficulties are supported academically and pastorally by the principles behind Behaviour for Learning as outlined in the Eppi review (2004).
