National Careers Service exam results and next steps webinars for parents and carers

With exams ending, many of you will be preparing to take your next step into further academic studies or the workplace – which we know can be confusing and feel a bit daunting.

Throughout the summer, the National Careers Service is running a series of webinars for parents and carers of young people who are expecting their exam results this August. They will be able to learn more about how to support their children with advice about choices and careers, including useful information sources, advice for results day and a Q&A with a panel of experts. The webinars schedule is now available.

Please share this information with other parents and students who could benefit from this support.

Unifrog – Sorted for Results Day and Clearing

We've made live guides and webinars so you can thrive on Results day, and we've made live a search tool for Clearing.

This week we've made live a Clearing search tool which we think is the best and fastest way for you to find the right course via UCAS Clearing. The tool lets you compare every course in Clearing on multiple factors, and you can search by things like distance from home and the prestige of the university.

You can apply for places through Clearing **as soon as you've got your results**. You can even use Clearing to 'trade up' if you end up with better results than predicted. **Get yourself familiar with how the tool works now.** Check out the new Clearing tool **here:** Sign in

What else? We've made live:
- Results day and Clearing guides on the **Know-how library**
- Results day and Clearing **webinars**
