Caludon Castle School Careers Bulletin

Tuesday 20 September 2022

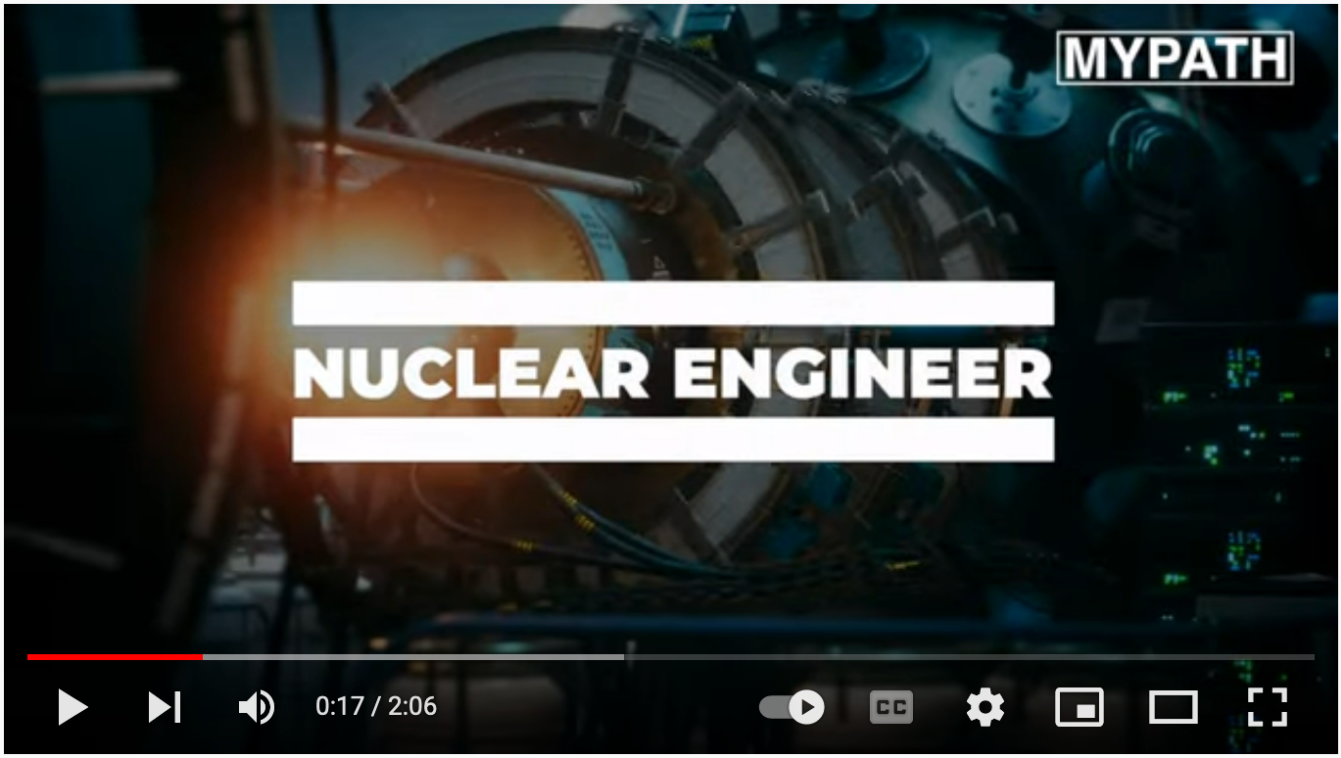

If you have any questions about any of the information in this bulletin, please contact me by email.

Careers advisor

Carole Foster, our Careers Advisor, is currently making appointments to see Y10 and Y11. She is also happy to see students from the Y12 and Y13 who are in need of advice.

Let your year leader or Ms Hutchinson know if you want to see her. Post-16 students can email the pastoral office directly to ask for an appointment if they wish.

Job of the Week, YouTube video series

Nuclear engineer – to find out more click here: https://www.youtube.com/watch?v=FJ61rnF6EmA

There are many other jobs on the same YouTube channel including:

Air cabin crew; border force officer; chef; dentist; epidemiologist; furniture designer; genetic counsellor; hydrogeologist; intelligence analyst; jewellery designer; kitchen fitter; location manager; metallurgist; nutritionist; ophthalmologist; prison officer; secretary; toxicologist; UX designer; visual merchandiser; water quality scientist; yoga instructor; and zoologist.

The Gresham Competition – an oracy competition for Y12 – entries by 15 November

Gresham College, London, is launching a competition for Year 12 students in September 2022, to promote the art of communicating complex information in a clear, concise and compelling way. This year's theme is the environment and sustainability.

Sign up here to hear about the competition (and for other Gresham updates): gres.hm/schools. Read more here: gres.hm/competition.

The Competition will:

- support the development of your oracy skills.
- help you with UCAS applications and job interviews.
- promote a deeper understanding of the environment.
- introduce you to the inspiring research of world-class academics.
- be an opportunity to present in front of academics and professionals.

How to Enter

Choose one of the following topics and please make a reasoned argument:

1. Who should be responsible for creating a better future environment for the next generation? How and why?

2. What should the UK government do about the environment that will benefit your generation?

3. Who should be most responsible for getting to Net Zero and why?

4. What's the greatest positive environmental change you expect to see in your lifetime?

5. What responsibilities should young people take on to address environmental/climate issues today and why?

To enter, you will submit a five-minute, recorded presentation – the main focus should be yourself speaking but you can use images, graphs, or other visual props that help explain your points. Shortlisted candidates will then be invited to present again in person in London, and there will be three awards (including prizes for student and the school).

You can enter the competition here gres.hm/entryform and upload the video here gres.hm/dropbox.

Guidance and resources will also be provided to help you explain complex issues in a clear, concise, logical and engaging way.

Why Enter?

Benefits for Students:

1. Participating in the Gresham Competition will help you develop oracy and presentation skills useful for interviews and public speaking opportunities; it will also enhance CVs and UCAS applications.
2. The entry process is quick and easy, with entries filmed and submitted within 5 minutes. We are not judging the video quality – any camera phone will do.
3. Finalists will meet a panel of prestigious judges including Professor Myles Allen, the physicist behind Net Zero, and climate change expert Dr Jessica Omukuti.
4. Winners will receive cash prizes and medals: £250 gold, £200 silver and £150 bronze.
5. Since 2022 is a pilot year we expect fewer entries.

Benefits for Schools:

The schools of winners will also benefit with priority access to lectures, visits from Professors or senior leaders, and a certificate.

Key Dates

15th September 2022: Competition opens
15th November 2022: Competition closes
30th November 2022: Entrants notified
24th January 2023: In-person presentation at Gresham College (we will cover travel expenses).
Each finalist will have five minutes to present and five minutes for Q&A with the panel.
Three Gresham medals will be awarded (Bronze, Silver and Gold), along with finalist certificates.

Get in Touch

Please do get in touch with our team with any questions via schools@gresham.ac.uk.

Marks & Start with the Prince's Trust

Marks & Start is an employability scheme that helps people who are at a disadvantage, in their job hunts – whatever prejudices they deal with daily. Programmes like this don't just give people an insight into a career in retail, but also create a clear, accessible route into work.

The Prince's Trust and Marks and Spencer (M&S) launched the first Marks and Start programme in July 2013, which saw jobs offered to all young people who passed each element of the programme.

Since then, over 10,000 young people from across the UK have taken part in Marks and Start, with over 70% going into temporary jobs within M&S immediately after the programme. We are delighted to share this opportunity here at Blueprint for All, and hope you will pass it onto anyone who know who is disadvantaged and looking for employment.

The programme includes:

- Recruitment
- Induction and training
- On-the-job training
- Evaluation and post-programme support

Ready to apply?

It might seem challenging, but Marks & Start will ease you into your programme to begin with, until your confidence rises and your skills improve. Then your efforts will feel totally worth it.

If you're keen to find out more and aged 16-30 years, contact The Prince's Trust today on 0800 842 842 or via Live Chat (princestrust.org.uk)

For more info visit the Prince's Trust Website.

NHS Allied Healthcare Work Experience October 2nd

Please note – there is a cost to this opportunity. Each day costs £10.

Health Education England has recently completed a discovery report on virtual work experience programmes, that concluded that these programmes are a valuable addition to in-person work experience, especially in our current climate where in-person experiences remain extremely limited.

The NHS Allied Healthcare Work Experience successfully invited 12,000 students to participate in the last academic year, making it the largest programme for students who are specifically interested in the following careers:

- Nursing
- Midwifery
- Paramedicine
- Physiotherapy
- Occupational Therapy
- Dietetics
- Radiography
- Prosthetics and Orthotics
- Speech and Language Therapy
- Pharmacy

Applications for this programme are now open, and they will be open throughout this academic year, with the first programme taking place on the 2nd October!

You can enrol here: https://alliedhealthmentor.org/product/live-virtual-work-experience-programme/

During the work experience day, you will follow 2 patients from their initial presentation to recovery. You will observe the healthcare professionals as they interact with the patients and each other. You will have an opportunity to ask questions and gain knowledge through teaching.

This will help you to make an informed career decision about your career and give you the opportunity to learn

about how healthcare professionals work together as part of a multidisciplinary team. Each work experience day is completely different and you will be able to build on your knowledge of NHS careers as you see different patient cases and healthcare professionals work in a variety of settings, such as hospital and community.

You will also receive certificates as evidence of having participated in the work experience programme. Those that complete the entire 5-month programme will be awarded a Highly Commended Reference from the Presidents of Medic Mentor.

You can register individually through the website link below. Places are £10 a day to cover administrative costs and run the tech on the day.

You can learn more and register for the programme here: https://alliedhealthmentor.org/nhs-healthcare-careers-virtual-work-experience/

Young Professionals – Business, Technology and Engineering events

Please note change of date for the Business event below.

Are you considering a career in Business, Accounting or Finance, perhaps Engineering or Technology? If so, we have something we think you might be interested in!

As always at the start of a new academic year, we like to make a big splash in the student space by offering a variety of different multi-employer careers-focused events!

One thing we do know is that all of you will be continuously looking for ways to enhance your CV / Personal Statement through attending Insight Events and Online Webinars as well as perhaps gaining some possible Work Experience.

We have 3 huge events coming up this September where we will be joined by quite literally some of the world's biggest employers from some of the most exciting sectors.

Some of the employers include - PwC, Goldman Sachs, KPMG, British Airways, BT, Mazars, Grant Thornton, Siemens and Mott MacDonald to name a few! Upon completion of each event you choose to sign up for, you will be awarded a certificate which you can add to your CV! We will as always be giving away some fantastic prizes across the evenings.

Event Details:
Technology Event – 19th September 5:00pm – 7:00pm https://www.surveymonkey.co.uk/r/Technology-Event-2022

Business, Accounting & Finance Event – **now moved to Thursday 22nd Sept**, 5:00pm – 7:00pm - https://www.surveymonkey.co.uk/r/Business-Accounting-Finance

Engineering Event– 21st September 5:00pm – 7:00pm https://www.surveymonkey.co.uk/r/Engineering-Constuction

Surgery Live – Virtual Operating Theatre Experience

Please note – there is a cost to this opportunity. The session costs £90.

My name is Veronica, and I am a doctor working for the NHS. I am writing to you from **DoctorsLive**. We are a group of doctors passionate about inspiring the next generation of students in Medicine, Nursing, and Allied Health Professions. We are thrilled to announce that our popular SugeryLive course is back this academic year. The online course gives you an immersive insight into the world of Surgery and what it's like to be in the operating room. You also get your own suturing kit through the post to learn how to suture.

The course is suitable for all students aged 14 and above and counts towards virtual work experience. Certificates will be provided for participation. Below are some further details:

SurgeryLive - Virtual Surgical Theatre Operating Experience **- Saturday 1st October 2022**
Our **SurgeryLive** course is an **innovative and interactive virtual course** that gives you a real glimpse of what it's like to be a **surgeon** in an operating theatre, delivered by practicing NHS surgeons. The day course includes:

1. A glimpse into the day-to-day life of a surgeon
2. Solving real-life surgical cases, including history taking and anonymized scans
3. Live virtual operations - showing step by step how common surgeries are carried out
4. Learning how to suture with a live follow-along demo (you will be sent your own suturing kit, the same ones used by medical students and doctors)
5. A chance for you to interact with practicing surgeons and doctors

For more information and to enroll, please visit the link below:

https://doctorslive.co.uk/surgerylive/

Please note places are limited and are allocated on a first-come, first-served basis.

Social Mobility Business Partnership

Who are we? SMBP is a volunteer-led charity which brings together over 170 professional services firms, commercial organisations and professional sports teams committed to supporting students from low income/socially mobile backgrounds in their pursuit of a career.

What are we providing? The SMBP is providing 30 Year 12 & 13 students in the Midlands with an opportunity of learning through interactive business experiences at 4 different commercial organisations, spending the fifth day at a professional sports club (Wasps RFC) where they learn about the psychology of resilience. Travel will be arranged and paid for by SMBP in advance. Lunch will be provided each day.
The SMBP is rated impact level 4 by SkillsBuilder, demonstrating our ability to aid students in building on their key competencies.
This year we have days lined up with Meggitt, the MTC, Wasps, the RAF, and Squire Patton Boggs. This will take place on Monday 24th October – Friday 28th October.

Support for success - After the scheme, students have access to virtual Career Mentoring from legal, accountancy and business professionals. Our volunteers are on hand to help with creating Personal Statements/CVs, compiling application forms and preparing for interviews. At a time where work experience is so difficult to find, this will give you a great experience to reference for not only UCAS, but also future job interviews.

Take a look on the website for more information - https://smbp.org.uk/students/
Our applications are open now.

Willmott Dixon Interiors – Virtual Careers Week

Willmott Dixon Interiors are hosting a Virtual Careers Week for all schools and colleges across the UK to join, as well as individuals who are interested in the world of construction.

You will have the opportunity to hear from some of our skilled professionals about their job roles, how they got to where they are today and what a day in their life looks like. Plus, some top tips for people who are looking to get into the industry and access to our Work Experience form!

Register your interest at communityinteriors@willmottdixon.co.uk

Please see below the planned sessions. The links take you directly to the sessions themselves when you click them at the appropriate time:

Monday 17th October - 12pm - 1pm
Building and Operations Manager - Link here to join

Tuesday 18th October - 12pm - 1pm
Design Manager/ BIM - Link here to join

Wednesday 19th October - 12pm - 1pm

Birmingham City University – 01/10/22, 22/10/22 and 27/11/22
University College Birmingham – 01/10/22, 26/11/22 and online 14/12/22
Bishop Grosseteste University – 24/09/22, 15/10/22, 11/11/22 and 07/12/22
Coventry University – 24/09/22, 22/10/22, 26/11/22 and 07/12/22
University of Derby – 24/09/22, 22/10/22 and 26/11/22
Harper Adams University – 08/10/22 and 12/11/22
Keele University – 15/10/22, 16/10/22 and 19/11/22
The University of Law, Birmingham and Nottingham campuses – 28/09/22 and 19/10/22
University of Leicester – 17/09/22, 08/10/22 and 12/11/22
University of Lincoln – 17/09/22, 09/10/22, 22/10/11, 19/11/22 and 07/12/22
Loughborough University – 23/09/22 and 24/09/22
De Montfort University, Leicester – 15/10/22 and 19/11/22
Newman University, Birmingham – 08/10/22 and 26/11/22
University of Nottingham – 10/09/22 and 15/10/22
Nottingham Trent University – 15/10/22, 05/11/22 and 07/12/22
University of Northampton – 01/10/11, 29/10/22, 19/11/22 and 10/12/22
Staffordshire University, Stafford campus – 09/10/22 and 12/11/22
Staffordshire University, Stoke campus – 02/10/22 and 05/11/22
The University of Warwick – 08/10/22 and 22/10/22
University of Wolverhampton – 08/10/22 and 19/11/22
University of Worcester – 17/09/22, 16/10/22/ 12/11/22 and 03/12/22

Escape Studios – 3D animation, VFX and Game art

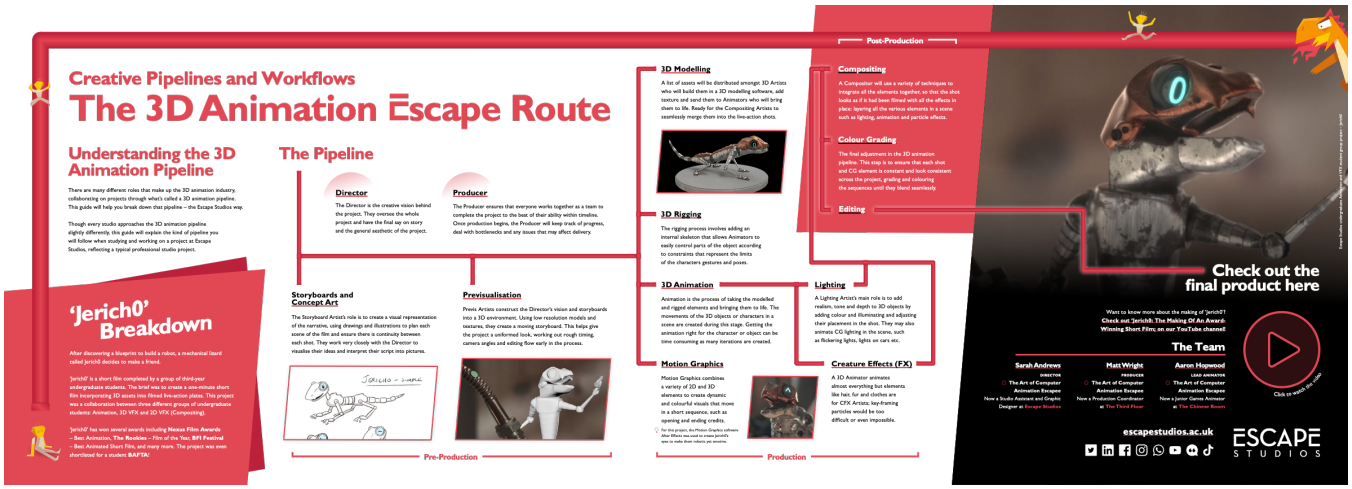

Want to know the difference between the **VFX**, **Animation** and **Game Art** pipelines?

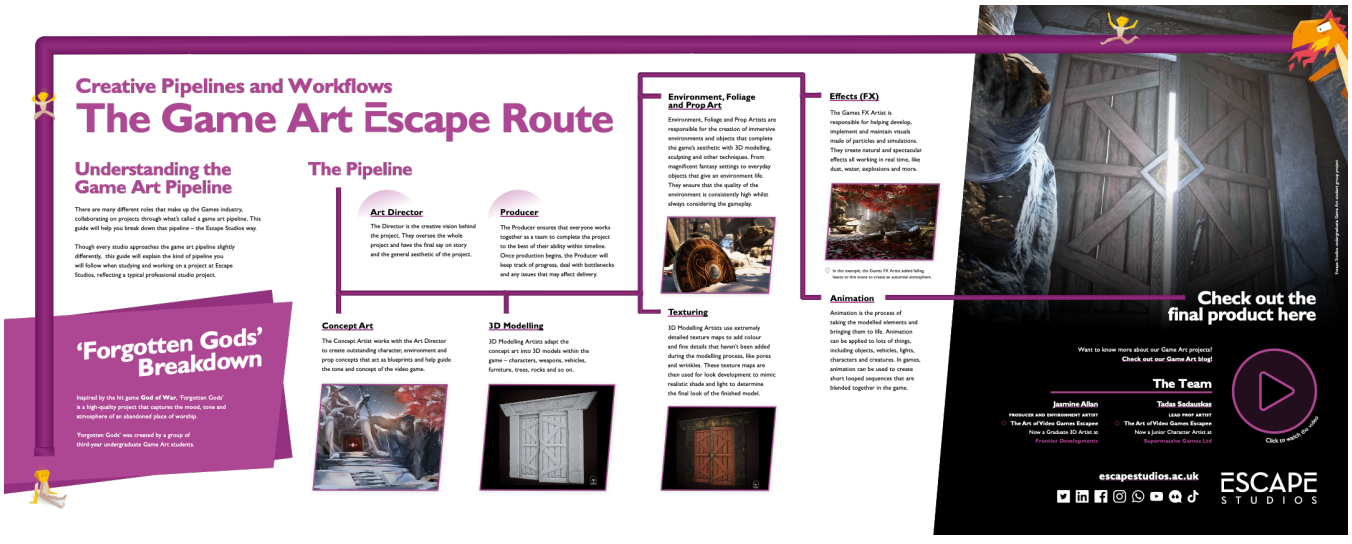

There are many different roles that make up the creative industries, with artists collaborating on projects through professional pipelines to create their final masterpiece.

At Escape Studios, we have designed three essential infographics for you to understand what the creative process looks like when creating CGI shots and exciting game environments, so you can get a clearer vision of what your creative career could include! **Download your own full-size interactive versions here:**
https://www.pearsoncollegelondon.ac.uk/escape-studios/form-success/creative-pipelines-and-workflows.html

Meet us at an open day

Join us on Saturday 24th September at our central London Escape Studios campus for our undergraduate open day. Find out how we ensure our students are studio-ready before they graduate!

Find out more

Apprentice openings post 16/18 - ApplianSys

High quality apprentice opportunities in Coventry

I have recently joined ApplianSys, a smallish but dynamic company with its HQ in Binley. It offers fantastic professional development generally (which is why I am here!) and in particular has a great track record with apprenticeship for local school leavers.

Right now, it has 4 apprenticeship positions open (various IT and business administration). ApplianSys is a fantastic place to lay the foundations for your career. It is a successful and exciting company to work for, with an outstanding 20-year track record of developing young people – both school leavers and graduates – and getting their career off to a flying start! There's more on this below, but first the key info!....

Apprenticeship Positions On Offer Now

Successful candidates for these positions might be anywhere in the age range 16-19 and start at NVQ level 3 or level 4, but the most likely fit for each position is shown below…

Position	Age/NVQ level	NVQ choices	Pathways in ApplianSys
IT	16+ / 3	Networks Software development IT Solutions (generalist)	Network engineer Product developer Internal IT support Sales Management
IS/Business Systems	18 / 3-4	Data technician IT support	Internal IT Business Analyst Management Information Systems
Admin/Accounting	16+ / 2-3	Business Administration Accountancy	Bookkeeper/Accounting Business Analyst Customer service Admin support

What we're looking for

· Talent and potential – the underlying ability to perform well once trained, demonstrated by relevant grade achievement (including the minimum qualification requirements for your chosen Apprenticeship course)
· Proof of attitude: commitment, determination, conscientiousness

What's great/special about our apprenticeships?

ApplianSys is a world-class small business. It has high standards and is committed to having all colleagues achieve excellence. Its training and development programmes are intensive – more like a football club's academy coaching setup than an average company.

Our apprenticeships don't just deliver the core NVQ course, but give an advanced foundation course in the world of work and general business skills. So many of our developing young people have enjoyed noteworthy career trajectories.

Some key things which make our apprenticeships outstanding are:

- The curriculum for each apprenticeship combines…
  - o The core NVQ curriculum, delivered with the help of one of a range of leading apprenticeship providers
  - o An extended structured curriculum, with additional related subjects
  - o A highly developed ApplianSys Excellence curriculum of general business and soft skills, delivered via a well-organised programme

- A specialist team of 3 full-time Learning & Development experts: two former teachers and a business training leader, each with about 20 years' experience.
  o The company has about 40 people in total, so this is an amazing "teacher-pupil" ratio! It demonstrates the massive level of investment in people development at ApplianSys.
  o We take particular care of apprentices, with intensive 1-1 coaching and mentoring

- ApplianSys combines the best aspects of smaller companies with the professionalism of larger ones, so it's a great place for you to start your career.
  o Apprentices get rapid exposure to the whole of the business, including colleagues at all levels up to the CEO.
  o This helps you to mature rapidly in general business skills and awareness
  o And you get the chance for lots of responsibility and impact really quickly

- ApplianSys is generally an exciting business to be in:
  o It is successful, with customers in 160 countries (so most of the world!); growing very fast; colleagues in Malaysia, USA and South Africa.
  o We are a very diverse team, and when we have finished working hard, we have a lot of fun together

What to do next
If you think you'd be a good candidate and would like to learn more, check out https://apprentices.appliansys.com/information
If you're ready to apply for a position, please email recruitment@appliansys.com with:
• Your CV
• A Statement of Interest which explains:
o Why you are choosing the apprenticeship pathway, rather than alternatives
o Which apprenticeship position you are applying for and why you want to start your career in that direction
o Why you would like to get an apprenticeship at ApplianSys in particular
o What is special about you which mean we should choose you ahead of another candidate.

Warwick University – Pathways to professions

We hope you are having exciting start of the school year. We wanted to get in touch with some information regarding this years' post-16 programmes we offer.

We want to remind you that the recruitment process for *Realising Opportunities* begins on 15th of September. We welcome any Y12 students interested in exploring courses and university options, as well as developing their research skills, as part of our two-year programme.

For more information about *Realising Opportunities,* or our other two programmes, please check our new web page Warwick Access Programmes.

We also want to remind you that the applications for *Pathways to professions* are still open. These are for any Y12 students interested in a career in law, banking and finance, or engineering in one of our three career-oriented programmes.

For more information about *Pathways* or our other programmes please check our new web page Warwick Access Programmes.

We also created an infographic (next page) with information about our three programmes.

Don't hesitate to check out our new web page Warwick Access Programmes if you're interested in applying.

- reduced entry requirements
- 50% tuition fee discount
- a bursary of up to £2,000 per year

What it is?

2 year programme starting at the end of Y12

VISIT OUR SITE

Cisco Pathways Work Experience

The applications for our October Pathways Work Experience programme for Years 11 & 12 are now open.

Following up on the success of the July programme we will again offer the programme in two formats. For those of you who live close enough to travel to our offices in West London there is an option of a hybrid week with the Monday and Friday in the office at Bedfont Lakes, Feltham and also a fully virtual option. We've decided on this approach to ensure we can continue to include students from right across the UK and Ireland. This programme is for Years 11 & 12 and runs 24-28 October.

This is a weeklong programme with the aim of showing you the range of jobs within a global IT company. Cisco is not a one size fits all organisation and we welcome applications from any year 11 & 12 students from anywhere in the UK & Ireland. We will also be developing presentation, teamwork and employability skills, and building confidence through online modules and interactive sessions. Your passion is our interest.

The programme doesn't require you to choose technical or business as, in addition to the mandatory core parts of the programme, you will be allowed to select the sessions that are of interest to you.

Programme dates: 24-28 October

Here is the information you need to apply for the October Pathways hybrid & virtual work experience.

You can find more information on our Facebook page and apply from there or apply using the links below.

- Dates: 24-28 October
- Location:
  - Option 1- Hybrid (2 days in office & 3 days virtual). Follow this link to apply if you wish to attend the hybrid format
  - Option 2 - Fully Virtual. Follow this link to apply if you wish to attend the hybrid format

Hybrid format				
Monday 24th	Tuesday 25th	Wednesday 26th	Thursday 27th	Friday 28th
In-Person @ Bedfont Lakes	Virtual	Virtual	Virtual	In-person @ Bedfont Lakes

Where do I find the information I want?

There are so many useful-looking websites about careers, it can be difficult to know where to start. We have listed some of the most useful websites below.
