Caludon Castle School Careers Bulletin

Monday 27 March 2023

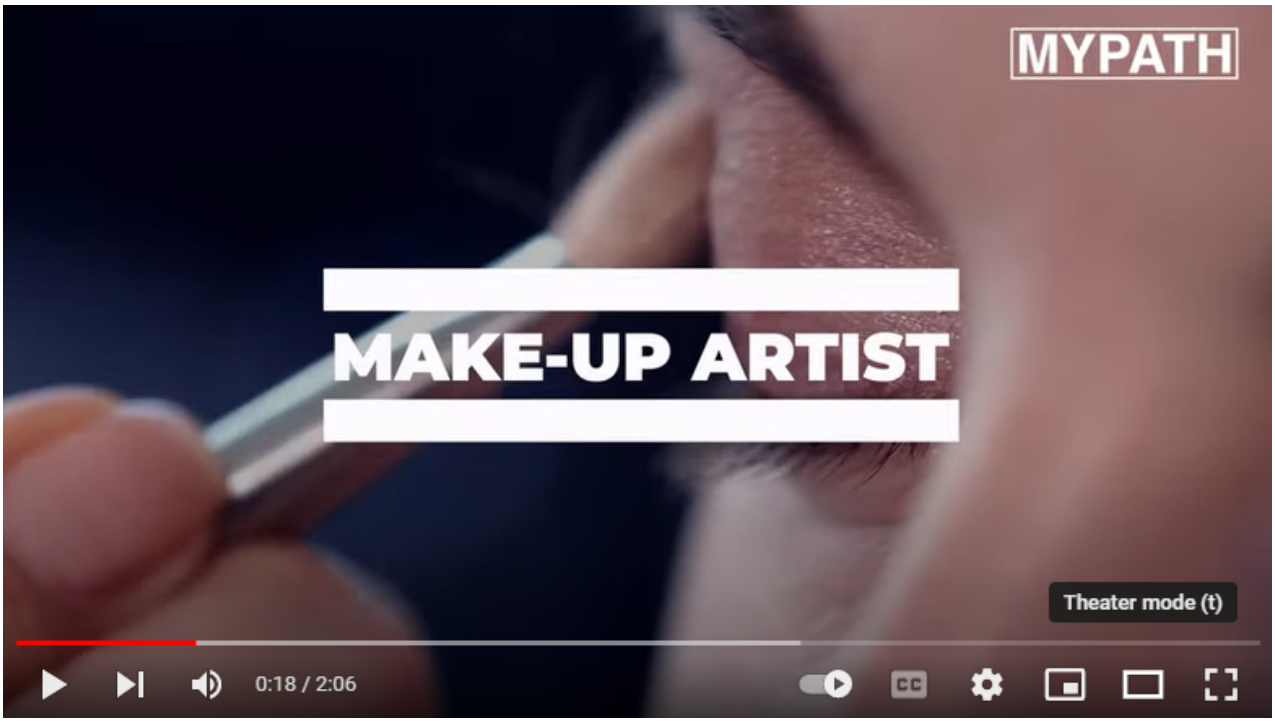

If you have any questions about any of the information in this bulletin, please contact me by email.

Careers advisor

Carole Foster, our Careers Advisor, is currently making appointments to see Y10 and Y11. She is also happy to see students from Y12 and Y13 who are in need of advice.

Let your year leader or Ms Hutchinson know if you want to see her. Post-16 students can email the pastoral office directly to ask for an appointment if they wish.

L3 Teaching Assistant Apprenticeship Vacancy - Manor Park Primary School

We are currently recruiting for a Level 3 Teaching Assistant Apprentices at Manor Park Primary School. The closing date for applications is Monday 17th April.

Apprenticeship summary

The successful candidates will work alongside experienced staff at Manor Park Primary School to gain knowledge and skills related to this role whilst completing a level 3 apprenticeship.

Following training, typical duties in the apprenticeship will include:

1. Assisting the teacher with learning activities in the classroom, preparing or modifying work for an individual or group of pupils as directed.
2. Assisting with the supervision and discipline of pupils and provide support within the procedures of the school, reporting any difficulties as appropriate.
3. Promoting pupil independence in learning, social and mobility skills, reinforcing the pupil's self-esteem through praise and encouragement.
4. Preparing and maintaining equipment and teaching resources for lessons and activities when required.
5. Ensuring that pupils are able to safely use equipment and materials provided.
6. Attending and participating in relevant meetings as required.
7. Preparing and/or clearing classroom as directed before and after lessons, including the preparation of visual aids, and the display and presentation of pupils' work.
8. Assisting at an appropriate level and within the school's protocols, with the provision of general care and welfare of pupils.
9. Being aware of and complying with policies and procedures relating to child protection, health and safety and security, confidentiality and data protection, reporting all concerns to an appropriate person.
10. Supporting and contributing to the overall ethos/work/aims of the school.
11. Assisting with group activities within and away from the classroom/school, such as P.E. and educational visits.
12. Assisting with the implementation of programmes designed by other professionals such as educational psychologists and speech and language therapists.
13. Assisting the teacher in liaising with other professional staff and reporting information from/to parents/carers, contribute to meetings to discuss a specific child's progress as appropriate.
14. Attending professional development activities as required.
15. Any other duties and responsibilities within the range of the salary grade

Future Pro Academy - Full Time 16-19 Girls Football & Education April Showcase Trial

Future Pro Academy will be holding an April Showcase Trial day for current Year 11 & 12 girls on Monday 3rd April, 15:00PM - 17:00PM at Coventry Sphinx FC, CV3 1WA. We would like to invite Year 11 & 12 students who are interested in pursuing a career in the sports industry to our showcase open event.

The full-time programme offers you fantastic opportunities to balance both sporting excellence and education on an NCFE Level 3 Extended Diploma in Sport programme which is the equivalent to 3 A levels. The academy also provides higher education degree programmes working with industry-leading sports organisations such as Loughborough college group.

The football programme offers excellent pathways and exciting opportunities for you to receive high-quality training sessions from UEFA A & B Licensed Academy coaches including ex-senior international professional David Phillips. The academy has also established excellent links with The England FA coach education team & Professional

Footballers Association giving you the opportunity to have regular trips to St George's Park. Working in the community and in partnership with Coventry Sphinx FC, we are able to provide you with the opportunity to play in a competitive games programme with a clear pathway through to the clubs' first team.

You will receive the opportunity to compete against professional clubs along with playing weekly in exclusive competitions such as the English Colleges FA League with opportunities to be selected nationally for England U19's colleges. We have been working with female clients many of whom play at professional clubs and are now delighted to launch a bespoke full-time training education programme with our partners Coventry Sphinx FC.

Young Professionals - Work experience opportunity with Spectris

Are you interested in pursuing a career in engineering, science, or anything to do with STEM? Would you like to gain some rare and invaluable work experience with multiple global FTSE companies? If so, we have the perfect opportunity for you!

We are excited to announce that on Wednesday, 12th of April from 9am-3pm, we will be hosting a virtual work experience day with Spectris, Malvern Panalytical, HBK and Servomex! Spectris are a FTSE company and own all the other science and engineering-based companies mentioned above. Collectively they operate in over 30 countries, employ over 7,500 people globally, and have generated a revenue of over a billion pounds as of 2022! Each of the companies Spectris owns specialises in very specific areas of science and engineering and during this work experience day you will get the opportunity to take part in workshops and network with each of their companies.

Participating in an event such as this will not only allow you to learn more about industry, but it will also give you a unique opportunity to gain valuable experience that will be beneficial for adding value to your CV and LinkedIn profile. This will show employers (including Spectris) that you are proactive and looking to develop your skillset before entering the workplace, which can help you to be recognised as an ambitious and motivated individual as well as allowing you to stand out from other students.

Please sign up for this incredible opportunity, by using the link below.

Wildlife Survey Field Courses at the Knepp Estate

[https://cdn.yello.link/opwall/files/2021/09/OpWall_circle_blue-250.png]
Field Courses at The Knepp Estate

Operation Wallacea has run biodiversity research expeditions for the last 25 years to a series of sites (mainly biodiversity hotspots) worldwide - click here - giving students from around the world the opportunity to gain valuable experience and get their hands dirty with real biodiversity research. From dense jungle and European grasslands to coral reefs and Mediterranean seagrass meadows, our network of more than 200 academics assist in developing and leading cutting edge research projects that help to inform local conservation management strategies.

Since 2021 we have been working with the Knepp Estate to develop student training courses in the wide arrays of skills needed to develop a career in UK wildlife conservation or climate change and quantifying carbon and biodiversity credits to provide the funding to plug the funding gap at the start of rewilding schemes.

This training course is based in a field camp as you would experience on expedition and is designed to provide participants some of the practical field experience in wildlife survey techniques, analysis of data and how to write up scientific reports, that they would have experienced on a overseas Opwall expedition. In addition it gives exposure to professional scientists, field biologists, film makers etc that have made careers in wildlife conservation or climate change, so you can see the career opportunities available.

Joining the Knepp project is a great way to **spend your summer** if taking a gap year to gain a bit more experience in UK conservation! For those completing Duke of Edinburgh Gold then the field camp experience should also count towards your residential requirements.

https://cdn.yello.link/opwall/files/2023/01/knepptalk.png]

If you are interested in joining us at the Knepp Estate this coming summer, why not join our seminar on the 28th of March?

Our lead entomologist Helen Clark will be discussing the importance of rewilding in the UK, biodiversity uplift and the use of private sector funding to support this, and how our field courses have been developed to help participants be prepared for the anticipated explosive growth in career opportunities within wildlife management and climate change careers in the UK.

Click on the registration link below to register. If for any reason you can't attend but are interested in finding out more then please email expeditions@opwall.com<mailto:expeditions@opwall.com>

* Tuesday 28th March - 6pm (GMT) (Register here https://register.gotowebinar.com/register/4257163217006914390

https://cdn.yello.link/opwall/files/2023/03/EleanorLewis.png]
Check out this great photo submitted in our photo competition by Eleanor Lewis, taken at Knepp last summer!

[https://cdn.yello.link/opwall/files/2023/03/didyouknow.png

* Students who join us on a field course get to join a Knepp Rewilding Safari, where their expert safari guides take you into the heart of the Knepp Wildland Project.

* Both food and accommodation is included in the costs, giving you the chance to wake up to the sound of birdsong, and fully immerse yourself in the beautiful rewilded countryside.

* The Knepp Estate has the largest population of purple emperor butterflies in the country, and is now a breeding hotspot for critically endangered nightingales and turtle doves.

* During the weekends you are on site, students who join our 2 week course get to take part in a number of special tours, such as ponies, butterflies and storks.

* Students doing a 2 week course will also learn how to analyse large data sets using R (open source software used in most universities) with support from our research team.

* Knepp's white storks are the first to breed in the UK for 600 years.

* During the course, you will be led by our experienced professionals, specialising in terrestrial invertebrates, birds, reptiles and amphibians, large mammals and bats.

* The courses have been developed to give you training in UKHAB mapping, a key technique in UK wildlife management. UKHAB is a comprehensive approach to classifying habitats, designed to provide a simple and robust approach to survey and monitoring for the 21st century.

* Most students come away from the courses knowing the key flora and fauna found in rewilded sites in Southern England, including 21 species of grass, 23 species of wildflower, 8 species of tree, 8 species of herpetofauna, 23 species of birds and their calls, 13 species of bat and 'The Knepp Big 5' large mammals.

Check out our overview video here to learn more about our field courses!

We're here to help! Please don't hesitate to get in touch over the next few days, weeks or months with any further questions you might have. You can can us in +44 1790763194 or email expeditions@opwall.com<mailto:expeditions@opwall.com>.

We hope to see you at one of our sites this summer!

KE6 College, Nuneaton – Careers and HE Fair

The Careers and Employability Team at KE6, King Edward Road, Nuneaton, CV11 4UT would like to invite Year 12 and 13 students to a Careers and HE Fair we are hosting on **Thursday 11th May 2023.**

You can attend with or without your parents/carers between **4:30pm-7pm** via the Eventbrite link below.

https://www.eventbrite.co.uk/e/careers-and-he-fair-2023-tickets-595814365807

We have over 60 exhibitors confirmed. These include: the Armed Forces, NHS, numerous apprenticeship providers such as National Grid and the Civil Service, and gap year opportunities, as well as a range of universities

such as Lancaster University and Coventry University, including Russell group universities like University of Cambridge, University of Manchester, and University of Nottingham. This is a great opportunity if you are thinking about your next steps, as you will be able to interact with employers, apprenticeship providers and universities.

Parents/carers are welcome to attend the event with their young person. They do not need a ticket, only the student does, family members will gain entry with the student at the door.

If you have any questions about the event, please do not hesitate to get in touch with myself (sophie.evans@ke6n.ac.uk).

BOA Stage and Screen Open Event – 19 April

Applications are STILL OPEN!

Did you know you can visit BOA Stage and Screen Production Academy **this Wednesday 19th April?**

We are still accepting applications to join in September 2023!

Here is a quick summary of what to expect, and some key information to make your visit a brilliant one!

We offer a FREE, full-time education for 16-19 year-olds that leads directly to employment in the Stage and Screen industries.

STAGE & SCREEN PRODUCTION ACADEMY

Headline Attractions

6pm-9pm. Visit us in the evening to meet the students, teachers, industry partners, take a tour, and take part in a range of masterclasses and workshops!

Meet the Pros!

A number of our industry partners are going to be on site to answer your questions about careers, progression, and routes into industry. Including the BBC, Threewise Entertainment, PRG, The Old Rep Theatre and ScreenSkills!

Principal's Talks

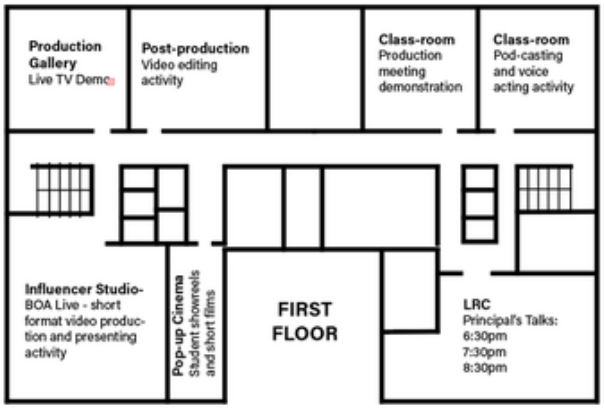

During the evening the Principal will give a 30min presentation and Q&A session at half-past every hour. Find more about our pathways, curriculum, application process, entry requirements, destinations, industry connections and more.

Activities and workshops

We asked you what workshops you were interested in when you signed up, and as a result we've planned a range of participatory activities for the open evening. Simply roll-up your sleeves and join in! Students and staff will be on hand to help you get started and offer support. Of course, if you don't want to join in you can just watch and chat with our students.
