Caludon Castle School Careers Bulletin

Monday 17 June 2024

If you have any questions about any of the information in this bulletin, please contact me by email.

Careers advisor

Carole Foster, our Careers Advisor, is currently making appointments to see Y10. She is also happy to see students from Y9 to Y13 who are in need of advice.

Let your year leader or Ms Hutchinson know if you want to see her. Post-16 students can email the pastoral office directly to ask for an appointment if they wish.

Find out the latest news from Norland

We've been celebrating the culmination of our students' hard work at our graduation ceremonies in Bath Abbey and welcoming prospective students at the start of their journeys to our open day in May.

In March, we celebrated the academic achievements of Set 44 at our BA (Hons) degree ceremony. As well as their degrees, a whole host of other awards were given out, including highest dissertation grade, highest average grade across the three years of degree study and students who showed the greatest improvement over the three years.

We also celebrated the achievements of our Set 43 graduates. After graduating from the degree last year, this year they qualified from the Norland diploma following the successful completion of their Newly Qualified Nanny (NQN) year in employment. This marked the completion of their Norland training to earn the professional title Norlander or Norland Nanny. As well as being presented with their prestigious Norlander badge, a range of awards were given out to celebrate the outstanding early years practice of our newest Norlanders

Join us for our open day in October 2024!

We recently welcomed prospective students to find out more about studying early childhood at Norland at our May open day. It was described by one student as "an amazing, positive and uplifting experience" and we'd love for you to feel the same at our next open day on Saturday 12 October.

Open days play a huge part in the decision-making process when it comes to choosing higher education, and small and specialist institutions offer a unique and supportive environment, as well as the opportunity to be part of a nurturing and valued community.

You can book for our next open day by completing the form via the button below or find out more about what to expect from a previous open day visitor, Branwyn

Warner Bros. Discovery Apprenticeships - Applications Now Open!

Warner Bros. Discovery Apprenticeships – Applications Open NOW!

At Warner Bros. Discovery, we are offering 4 new apprentice roles across our business. Want to start your career story here? Check out our opportunities below:

- **Film Marketing Apprentice**
- **Client Services Apprentice, WBSL**
- **Diversity, Equity & Inclusion Apprentice**

Why apply for an Apprenticeship with WBD?

As an apprentice, you will have the opportunity to learn from industry professionals while studying towards a relevant qualification that will help you build both personal and professional skills.

You will also be part of our Early Talent network of over 100 interns & apprentices across London, giving you access to an exclusive learning programme and exciting events throughout your apprenticeship!

Sound like the right path for you?

Apply Now!

Hear from some of our Apprentices!

"An apprenticeship at WBD was right for me as I wanted to get hands on experience within the TV industry and learn from experienced professionals. I was lucky enough to help at premieres and screenings of Wonka, Barbie and Godzilla X Kong: The New Empire."

Rochelle – Scheduling Apprentice

"I work at Leavesden Studios, testing and dealing with all sorts of lighting equipment every day that are then used for productions that are filming at the studios. I was so warmly welcomed by the set lighting team here that I felt like a part of the team straight away!"

Sam – Set Lighting, Dimming and Control Apprentice, WBSL

"Everyone I have encountered during my time so far at WBD has been so friendly and supportive, particularly my team who are constantly lending me a hand and teaching me new things I am interested in learning about/taking more responsibility for."

Lottie – Talent Acquisition Apprentice

Coventry College Open Event

We are approaching **our final open event** on Tuesday 18th June 5-7PM, the last chance you have to explore the college and the courses we offer.

If you are still undecided you can book a slot via the following link: https://www.coventrycollege.ac.uk/events/june-2024-open-event/

And finally, regarding **CovFest,** please see below.

FREE virtual talks this June and July

Event

Please find below **FREE** virtual career events available for you this month of June and **NEW** ones added for July!

1. **Tuesday 18th June, 9:30 - 10:30am, Different Careers in Investment Banking (Bank of America)**
2. **Tuesday 18th June, 11am – 11:45am, Technical Education and Apprenticeship Pathways to Health and Science Careers**
3. **Thursday 4th July, 9:30am – 10:30am, Inspiring the Future of Allied Health Professions**
4. **Tuesday 9th July, 11 - 12pm, Aviation Careers in the Digital Age: Embracing Technological Advancements**

These sessions are targeted at **KS3 and above.** We encourage you to sign up for any sessions you would like, to inspire and equip you for the future!
Individual student registrations are welcome with name, email, school, 'student' as the job title, and 'n/a' for other fields.

Inspiring the Future – Different Careers in Investment Banking, *Tuesday 18th June 2024, 9:30 - 10:30am*

In partnership with **Bank of America**, we are hosting a virtual careers chat focused on exploring different careers in Investment Banking, and we would like to invite you to participate.

Investment Banking covers three main areas: banking and finance, business support, and technology & operations. Within these, you'll find a variety of exciting job roles that require skills and interests beyond just math and science.

In this session, you will get an overview of Investment Banking and the many career opportunities it offers. We'll also have professionals from the bank joining us, sharing their experiences.

Through these discussions, you will gain deep insights into the world of investment banking, learn about different pathways like apprenticeships and internships, and get practical advice for getting started in your careers.

Speakers include:

- Assistant General Counsel (Lawyer), Corporate and Investment Banking
- Apprentice, Global Payment Solutions
- Technology Analyst, Global Markets Technology

Registration Link - Different Careers in Investment Banking

Technical Education and Apprenticeship Pathways to Health and Science Careers, *Tuesday 18th June, 11am – 11:45am*

This session offers you a unique opportunity to explore diverse career paths in health and science through alternative routes such as **BTECs, T-Levels and apprenticeships.**

We are thrilled to have **Suzanne Ramage, a Laboratory Analyst** at Dale Farm and a WorldSkills UK Champion, join us for this session.

Suzanne's journey, from a business background to science, culminating in winning a bronze medal in the 2019 Laboratory Technician WorldSkills UK competition, showcases her dedication. Now an ambassador for technical education and STEM careers, she passionately encourages students to consider these pathways, highlighting the rich opportunities available in science-related fields.

What we will cover:

- Technical Education and Apprenticeships Routes to Health and Science Careers
- Health and Science Career Map and Earning Potentials
- Job Spotlight: Suzanne Ramage, Dale Farm
- Q&A and Reflection

Registration Link - Pathways to Health & Science Careers

Inspiring the Future of Allied Health Professions, ***Thursday 4th July, 9:30am – 10:30am***

In partnership with the NHS, we'll be hosting a Healthcare Virtual Careers Chat themed on Allied Health Professional (AHP) and we'd love for you to join us!

Allied Health Professionals, including physiotherapists, paramedics, dieticians, and diagnostic radiographers, play a crucial role in our healthcare system. They provide essential services that help diagnose, treat, and rehabilitate patients, ensuring the smooth functioning of our healthcare infrastructure. This event is an excellent opportunity for you to:

- **Learn about diverse career paths**: Discover the various specialisations within the AHP sector and what the spotlighted roles entail.
- **Hear from industry experts**: Gain insights from experienced professionals working in the field who can share their career journeys and day-to-day experiences.
- **Explore educational pathways**: Understand the necessary qualifications, training programmes, and continuing education opportunities required to pursue a career in AHP.
- **Ask questions**: Engage in live Q&A sessions to get your specific questions answered by experts.

We will be joined by:

- Azonya Vanloo - Apprentice radiographer

- Ami Cook & Debbie Poulston - Physiotherapist
- Aminder Pandha - Dietitian

Registration Link - Inspiring the Future of Allied Health Professions

Aviation Careers in the Digital Age: Embracing Technological Advancements, *Thursday, 9th July, 11 - 12pm*

The aviation industry is rapidly evolving, driven by technological advancements that are reshaping careers and opportunities within the sector. As part of our "Inspiring Aviation Campaign" with the Department for Transport's Reach for the Sky programme, join us as we explore the exciting intersection of aviation and technology!

In this session, you will:

- **Hear from Aviation Professionals**: Listen to industry experts discuss how they integrate technology into their daily roles and the significant impact it has on aviation safety, efficiency, and overall performance.
- **Understand Technological Innovations**: Gain insights into how advancements such as automation, artificial intelligence, and augmented reality are transforming the aviation landscape, enhancing operational efficiency, and improving safety measures.
- **Learn about Educational Pathways**: Discover the essential skills and qualifications needed to excel in high-tech aviation roles. Explore the training programmes and courses recommended by our speakers to build a successful career in this dynamic field.
- **Engage in Interactive Q&A**: Participate in live Q&A sessions to get your specific questions answered by professionals with firsthand experience in applying technological innovations in aviation.
